By Matthew Beaumont.

Lets face it, having the right mix of music and entertainment is one of the major keys to making your reception successful and fun. In fact a recent survey* revealed that 72% of post reception brides would have spent more time choosing their reception entertainment and 78% said that they would have made entertainment their highest priority.. I've been a Professional DJ/MC for over 20 years and in that time I've helped thousands of couples achieve amazing results with their wedding receptions.

My professional experience began as a DJ in some of the hottest clubs in the South Bay. A few years later I became partner in the largest DJ company in the area "The Mobile Disco Company" I enjoyed performing more than managing so I went on my own and formed "Celebrations Mobile DJ Service" in 1988. Since that time I've performed for thousands of people including many top name celebrities (see website). In 2006 I received a Los Angeles Music Award for excellence, and to this day I am the only non radio DJ ever to receive one

I am not a "cookie cutter" DJ company with many DJ's to book, all of them doing every event exactly the same way. What I offer is **Highly Personalized, Customized, Unique and Unforgettably Fun** Wedding receptions each one performed by me personally.
